Social Studies

All levels (9th-12th) will read the attached article and complete the assignment that corresponds. The instructions are below.

As you read the article below reflect on the definition of common good from lesson 9. After reading the text, write one sentence at the top beginning with "The main idea is ..." Then choose the three most important supporting details and number each one of those sentences at the beginning with a "1", "2", or "3." Finally, reflect on how the passage of the 19th Amendment (the right to vote for women) reflects the common good. Complete the reflection at the end of the article.

World Language

Consult the attachment and follow the instructions. Pick a different assignment to complete each day during your World Language class (ONLY B DAYS). Not all assignments will be completed. There are 12 options you will only need to complete 8. Have fun.

NOTE: If an asterisk (*) is next to the title of the activity, a device and/or internet is required to complete the task.
