AP Students: (Mondays for rest of SY)

Please review the following information about your AP exams:

- Details about e-tickets for the exams:
 - Students can't take this year's AP exam without their e-ticket
 - College Board will send the e-tickets by email 2 days before the exam (they can also be found in your My AP account)
 - Students need it to check in to their exams on exam day (you should check in 30 minutes before the start of your exam)

- Each test will have a unique e-ticket
- Each e-ticket is personalized to each student and contains your AP ID so DO NOT share it.
- If students experience a problem during the test, you need to fill out this form ASAP:
https://education.co1.qualtrics.com/jfe/form/SV_1B9R7XJa9dXaQBv
 - Only fill this out if you attempted the test and were not able to complete your exam.
 - If you received your e-ticket for the test in May, but did not use the e-ticket, you DO NOT need to submit this form. You will automatically receive another e-ticket for the June test.
 - It CANNOT be used for the portfolio courses (at Wooster, those are AP Computer Science Principles and our Art and Design classes).
- Please practice with the demo to make sure everything works on your device:
<https://ap2020examdemo.collegeboard.org/>
- Remember, you can take the test in three ways:
 1. Use pen and paper to write your exam and then upload pictures
 2. Type your answers in a word document or similar software and upload the file
 3. Type your answers and "cut and paste" your answer into the test software
- If you have trouble logging into your My AP account, we are unable to help you unlock your account.
 4. You MUST call AP yourself as it is your account, not Wooster's account
 5. If you are locked out, please call AP's students and parents line

Math Lessons for 5/26

Hopefully everyone had a great 3 day weekend!!!! Students are on lesson #20 (if students are utilizing the electronic forms only, they just need to click on the assignment listed under lesson #20 for their current class in the Mathematics Distance Learning file that everyone should have posted on Teams, but if they are working from the paper packet I have also included the page numbers that correspond with the daily assignment). The assignments are as follows:

Algebra 1 - Lesson 20 (paper packet page 26-27)

Geometry - Lesson 20 (paper packet page 39-40)

Algebra 2 - Lesson 20 (paper packet page 54-55)

Pre-Calc - Lesson 20 (online access only)

Prob/Stats - Lesson 20 (online access only)

Pre-College - Lesson 20 (online access only)

Remember for the 4th years subjects that only have online assignments that students who are working in paper packets can do the Algebra 2 assignment as a replacement assignment.

Online graphing calculator - <https://www.desmos.com/calculator>

Online scientific calculator - <https://www.desmos.com/scientific>

Online Matrix Calculator - <https://www.desmos.com/matrix>

Another online calculator with several options - <https://www.meta-calculator.com/>

Teachers, all answer keys have been uploaded to the staff shared drive and we are working on adding worked out solutions. Here is the link -

 [Math Distance Learning Answer Keys](#)

Some teachers have asked about posting the math keys for their students to check their work, and I don't really have a problem with it, but I would probably post each days answers either at the end of the day or the next day if that is something that you wanted to do.

PE Lesson 5/26

Students need to be active for 30 minutes and log their activity. Suggestions: go for a walk, jog, run, bike ride, or hike.

Here is the link for the PE activity log:
