ALL STUDENTS returning to Wooster next Year (*this section is permanent for rest of SY*)

Students please ask your parents if they have completed the online registration for you for next school year. We still have over 500 missing applications and one of those missing might be yours! Tell your parents to visit their Infinite Campus Parent Portals today and complete this required registration. If your parents have forgotten their user name or password, please have them email :

jshively@washoeschools.net or aramirezacruz@washoeschools.net

Social Media (*this section is permanent every day for rest of the SY*)

Yearbooks (*this section is permanent every day for rest of the SY*)

Buy the WHS Pegasus 2019-20 Yearbook for \$85. This will be a historic yearbook and covers ALL events from the year including a complete spring sports section. It's a great book and you don't want to miss out. Simply go to www.yearbookforever.com and place your order there.

Senior Survey (*this section is permanent every day for rest of the SY*)

Graduating Seniors: Please fill out this Senior Survey for the Class of 2020. Wooster wants to know the plans that you all have once you finish school.

The information is helpful to your Wooster team."

SEL Question of the Day

Would you rather be too busy or too bored? Why?

Science

The link to PHASE 3 of the District science lessons is [HERE!](#) For some people that link fails to work. If that is the case, then you can try this link to the [District Site](#)

[Biology](#), [Physical Science](#) and [Chemistry](#) Lesson #21 are in the district lessons above. The lessons build on each other, so be aware that the links may look repetitive.

[Environmental Science](#) and [Anatomy](#) will do the Biology lessons above

[Astronomy](#) and [H. Physics](#) should work on the Physical Science lessons above

Any student studying for the [AP exams](#) should check with their teacher for study materials. **AP Exams Began May 11th and all first rounds of exam are over.** If you are taking a make-up exam, touch base with your teacher if you need more study materials.

Note to teachers-Please feel free to use these [Physical Science III](#), [Biology Phase III](#) and [Chemistry Phase III](#) answer keys and feedback guides. These links are updated to take you to the correct documents.

Some of the **BIOLOGY** assignments include some SIMULATED or IMAGINARY experiments and some that can be done with simple tools such as a stopwatch or phone. Please note the answer documents indicate which is which.

PHYSICAL SCIENCE students should conduct the simple activities with common household items.

Social Studies

The Phase 3 Lesson Plans are [here](#) if you need to reference them or download the attachments directly (that may alleviate formatting issues). Each level has something different for Phase 3. Remember- Wooster freshmen are to complete the 10th grade assignments.

- 9th/10th Grade (Individuals & Societies/World History): Lesson 21- Students will complete the Benefits and Challenges of Urbanization. The instructions are embedded throughout the assignment.

- 11th Grade (US History): Students will complete the Lesson 21: Create a Monument. They will read the article and answer the questions that follow.
- 12th Grade (US Government): Students will choose one activity from the Financial Literacy packet to complete. (They will do one per day until Distance Learning is over).

World Language

Consult the attached PDF document (WL High School Phase 3).

Pick a different assignment to complete each day during your World Language class. Not all assignments will be completed. Several of the options are project-based assignments and will count for multiple lessons because they have been designed to be completed over several days.

If an asterisk (*) is next to the title of the activity, a device and/or internet is required to complete the task.

Electives

Each elective course (Theatre, Ceramics, Art and Music) has a wide range of assignments available. Many of the assignments are now a multipart process from exploration to finished product. Choose one assignment from one course and explore your creativity! PLEASE continue to report to your 3rd period teachers as always, BUT your electives teachers would LOVE to see your work as well! The links for each elective are listed below!
