

Interview with  
our Student of  
the Month:

August 2024

By Syou Ishiguro

4 November 2024

Student of the Month highlights students who excel academically, show leadership, and serve as role models. This recognition honors their dedication, personal growth, and positive contributions to the school community.

Robert is an 11th grader who is currently studying Japanese and wants to study abroad as well as attending a university abroad.

Bowles was nominated by his teacher for showing The Colt Learner Profile, and these traits are being an Inquirer, Communicator, and Courageous.

According to Bowles "I think I [earned my nomination] in Guitar or AP calculus but, being able to try and not be lazy" is likely what earned him a nomination.

Wooster High School is proud to celebrate our August Student of the Month!

Robert Bowles' positive attitude and hard work made a big impact right from the start of the year.

Congratulations, Robert, on this fantastic achievement.
